**Happy New Year!**

The last month of the past year, and the first month of the new year are the times people reflect and think. What has happened? What have I achieved? What I really need? What I like to achieve? . Thus it comes to a term , called “New Year’s Resolution” . After reflecting the past year, many people would write a list of things they want to accomplish in the new year.

The issue is how many are serious about the list? How many would take action for what they want to achieve? In reality, most New Year’s resolutions are forgot as early as the second month of the year. To be more honest to themselves, many people stop making the New Year’s resolution, simply because they couldn’t committed to the goals. For them, the goals are nothing more than good wishes.

Among the wishful New Year’s resolution, “finding love” is often listed at the top for singles. True, after the rush of the Christmas and new year celebration, parties are over. Life comes back to where it was before: work-home; home-work; having dinner alone, going to movie alone, taking a holiday alone, etc. It is very lonely.

Who wans to be alone forever? I guess NO ONE!

But finding true love, finding someone who can spend the rest of life together needs courage, commitment and action, just like we did at business, job, or study. If you do it casually, you will get casual result. If you want it happen, but not willing to put efforts in, the result is nothing will happen.

A brand new year just started. All the single friends, I like to encourage you to make a decision and to take the action, if finding true love is not just your wishful thinking. With the action, when the Christmas 2018 approaches, you will be proud of to say “I am going holiday with the person I love”.

# Thank you

From our clients

THANK YOU

Dear Eva

I have been meaning to write to you for sometime. I received an email from you last month and thought that I should write you a proper letter.

When I first met you (approached Metro) I was very nervous about meeting new people and having a relationship after 27 years of marriage. I was also aware that it would be difficult for the girls I met because I was recently widowed.

In spite of this I thought my best course of action

was to put myself in a position where I had to meet new people. Metro allowed me to do this in a very safe and controlled manner.

You were very welcoming, comforting and encouraging and through Metro I have met some lovely people.

I am in a loving relationship with Helena Wang and am very thankful to you for introducing me to Helena.

Thank you for all that you have done for me. I wish you and your family all the best in the future.

Kind regards

Craig
