BETTER THAN ONLINE DATING

"Love doesn't make the world go around. Love is what makes the ride worthwhile." *Franklin P. Jones*

Like many other countries around the world, the Covid-19 pandemic has brought an undesired impact to everyone who lives in Australia. It is certainly challenging to meet and date your Mr/Mrs Right. We are very fortunate to have your trust and include us to be a part of your love journeys.

We would like to thank you for your ongoing support and welcome you to our monthly newsletter (new edition). We wish you and your loved ones to stay safe and to keep our hopes high for a better and sweeter tomorrow.

Dating Tips

1. Outfit

Do not be over dressed or dress too casual. Be yourself, be comfortable, be confident.

2. Communicate openly and honestly

Communication helps two people to know what they want from the relationship and feel comfortable expressing their needs, fears, and desires. It can increase the trust and strengthen the bond.

3. Remember to smile

Smiling makes you more approachable and appear more confident. Dating can be stressful sometimes, so try to start it with a friendly smile.
